3 Read the following, then answer the questions:

(5Marks)

Humans aren't the only intelligent ones on earth. Research shows that animals are also intelligent. Dolphins are one example, the dolphin's brain is large and complex. Dolphins look after each other when they are ill. They protect weak dolphins from dangerous animals. They even have a language which they use to communicate with each other. Elephants also are famous for their intelligence. Scientists have discovered that elephants understand the differences in human feelings. Research also shows that they can use tools from
